

### TMA Member Benefits

Transformation Ministries Alliance, TMA, is an interdenominational network of Christian ministries, churches and counselors, which is governed by its membership. We are devoted to preserving and declaring a Biblical sexual ethic among its members and followers within the Body of Christ, and in our daily lives. Our members have been impacted either directly or indirectly with homosexuality and/or transgenderism. We believe in and experience the saving grace and transforming power of Jesus Christ in our lives as He conforms us more perfectly to His image.

#### Member Voting Privileges:

Ministry Members- 2 votes at the annual conference

Church, Counselor, Individual Members- 1 vote at the annual conference

#### Annual Conference Discounts:

At each annual general conference, the members will receive a discount on their registrations. Annual conferences are held for a few days each summer and include a day for members to vote on incoming board members and other important qualifying issues.

#### Secure Online Daily Access:

TMA is initiating our own internal social-media-style networking platform called Realm Connect. This platform is password secured, each participant is individually vetted, and identifying contact information for participants is removed from view with some exceptions for TMA leadership. This platform serves as an online forum, has a downloadable phone app for access away from a computer, and functions much like Facebook/ Meta. Realm gives TMA participants access to our network referrals and serves as a safe place for regular ministry connection and communication, without distracting ads or big tech involvement. Best of all, this platform is easy to use.

TMA Members will receive insider privileges including confidential TMA member groups, leader discussion pages, and access to practical ministry resources.

#### Financial Tracking of Giving:

We have real-time online tracking of giving to TMA. This means if you give, you will see it immediately and for easy tracking. We have many giving options: give by text, a giving weblink, the ability to pay and register for events (similar to Eventbrite), give by QR code, or more traditional giving by checks in the mail.

#### Online Library Access:

We want to empower you to minister effectively and recruit your local Christian body to your cause—the gospel power to transform sex and gender brokenness. We are developing an online library of resources for the regular use of our members. (Example: Promotional materials to better market your ministry.)

#### Innovative Network Vision & Culture:

We are recruiting a comprehensive and biblically sound membership base for TMA. We are vested in guiding young ministries and supporting mature ministries together as we work toward common ministry goals.

Our TMA leadership is diverse, experienced, and excellent in a variety of areas with a focus on long-term, approachable, relationship with God and each other.

Besides being your TMA Network Director, with experience as a local ex-gay ministry leader, medical professional, and ordained pastor you have a leader who understands the ministry duties and challenges of running a local ministry and working with community resources, churches, pastors, and counselors.

TMA will empower you to represent your ministry and this network with full confidence while feeling valued.
